Good morning Jeff,

Some progress since Friday and over the weekend on my 4 action items:

- 1) We will send a letter to Extreme regarding the license, our lawyers need a little time but I told them end of this week it needs to be done
- 2) Broadcom's missing payment, it's from another division/BU called CSG, they will process the payment this week, I don't have a day but it looks like some sort of screwup in our AP department. If I get more details I'll forward.
- 3) CA agreement: Either you or your council should receive an email or phone call this week, I asked them to reach out no later than Wednesday. Pls let me know if that doesn't happen and I'll push. As I mentioned on the call Broadcom is not good on co-ordination between BU's... But I've been swinging the hammer and I'm expecting it will work.
- 4) Assuming we make progress on the above I'm hoping we can amend our (The Brocade) agreement with the changes needed. But let's have the above move forward and maybe you and I can talk later this week ?

Sincerely,

Martin Skagen

VP Architecture & Technology, BSN
